Mahmoud El-Seady

Junior Angular Developer | Frontend Developer

Cairo, Egypt | mg2259484@gmail.com | linkedin.com/in/mahmoud-elseady | github.com/MahmoudGamal438

PROFESSIONAL SUMMARY

Information Systems graduate (Menoufia University, 2025) focused on frontend development with Angular and TypeScript. Builds responsive web interfaces using HTML5, CSS3, JavaScript, and Bootstrap, and has built and deployed a clinical system project in Angular. Completed training at NTI, ITI, and DEPI covering web design and full-stack .NET development. Working knowledge of REST APIs, C#, and SQL Server provides a solid understanding of backend services and client-server communication. Seeking a Junior Angular / Frontend Developer role to build modern, maintainable web products.

TECHNICAL SKILLS

Frontend: Angular, TypeScript, JavaScript, HTML5, CSS3, Bootstrap

Web Development: REST APIs, Responsive Web Design, Web Application Architecture

Backend (working knowledge): C#, .NET

Database: SQL Server

Tools: Git, GitHub, Vercel

PROJECTS

Dental Clinical System | *Angular, TypeScript* | *Training Project*

- Built a clinical system frontend with Angular and TypeScript, scaffolded with Angular CLI.
- Deployed the application to Vercel and published a public live demo.
- Managed source code with Git and GitHub.

GitHub: github.com/MahmoudGamal438/Dental-Clinical-System **Live Demo:** dental-clinical-system-ten.vercel.app

Clinical System | *HTML5, CSS3, JavaScript* | *Training Project*

- Built a clinical system web interface with HTML5, CSS3, and JavaScript.
- Organized the codebase into separate stylesheet and script directories.

TRAINING & EXPERIENCE

Web Design Intern | National Telecommunication Institute (NTI) *Oct 2024 – Dec 2024*

- Completed training in web design and frontend fundamentals, covering page structure, UI development, and responsive layouts.

Full-Stack .NET Development Trainee | Digital Egypt Pioneers Initiative (DEPI) *Apr 2024 – Oct 2024*

- Trained in full-stack web development with C# and .NET, covering REST APIs, database concepts, and client-server communication.

Backend .NET Development Trainee | Information Technology Institute (ITI) *Jul 2024 – Sep 2024*

- Studied server-side development with C# and .NET, including REST API concepts and database integration.

EDUCATION

B.Sc. in Computers and Information, Information Systems | Faculty of Computers and Information, Menoufia University *2020 – Jan 2025*

CERTIFICATIONS

ICDL (International Computer Driving License)
